

FISIOEXPO/

2024 edition

September 27, 28 and 29
IFEMA Madrid

PROFESSIONAL PHYSIOTHERAPY SALON FOR SPAIN AND PORTUGAL

Spain remains a world leader in the incorporation of advanced technology in the practice of physiotherapy, encompassing both intervention devices and physiotherapy assessment tools.

In this context, **FISIOEXPO** is reborn in its **2024** edition: an exclusively professional event totally focused on the commercial field, aimed at boosting the physiotherapy industry and providing professionals, both national and international, with access to the cutting edge of technological advances available on the market, all in a unique space and over a period of three days.

- **Technological Advancements**

Exhibition: FISIOEXPO provides physiotherapists with the opportunity to explore and learn about the latest technologies and devices used in physiotherapy. This is essential to stay up-to-date and offer patients the best possible treatments.

- **Hands-On Demonstrations:** The ability to see technologies in action through workshops and demonstrations with real patients allows practitioners to understand how they can apply these tools in their daily practice.
- **Networking:** Help your business build strong business relationships. Schedule meetings with distributors and manufacturers. Meet other professionals in the industry and encourage collaboration and exchange of ideas.
- **Continuing Education:** The opportunity to learn new techniques from the most

outstanding professionals in the field provides added value. Physical therapists can improve their skills and gain new knowledge.

- **Trends and Innovations:** The event allows attendees to stay on top of the latest trends and developments in the physiotherapy sector. This is crucial to adapt to the changing demands of patients and industry.
- **Commercial show:** the perfect place to buy directly from manufacturers and distributors, who will help you make the best and most profitable decisions.
- **Internationalization:** The inclusion of professionals from Spain, Portugal, and other European countries expands opportunities for collaboration and international trade, which can be beneficial for the growth of the industry.

On **27, 28 and 29 September**, **FISIOEXPO** will take place at **IFEMA – Madrid**.

Our goal is to create an environment conducive to learning, interaction, and collaboration, where physical therapy professionals can explore the latest technology and learn first-hand about the innovations that are shaping the future of the profession. Madrid will be the place where the brightest minds and leaders in this field will come together to share knowledge and experiences in three days full of discoveries and opportunities.

Don't miss FISIOEXPO 2024!
